A T & T Corporation 131 Morristown Road Room B-2173 Basking Ridge, New Jersey 07920

Attention: Joseph T. Chikowski

Dear Mr. Chikowski;

Enclosed please find the completed copy of the site inspection report for the November site visit to the C & D Recycling site. All maintenance and corrective activities performed during this site inspection have been listed.

The October site survey was not done because we were waiting to set up a date when you could meet with my supervisor at C & D. I left messages on your machine to try to set one up.

Once again, thank you for your continued interest in the quality field services provided by B.E.S. Environmental Specialists, Inc.

Please feel free to contact our offices should you have any questions about this report or any additional site services.

Yours truly,

Lydia Hirner

enc.
